Free BIM Online Seminar (2024)

Date : 11 September 2024 (Wednesday)  
Time : 7:00 pm – 9:00 pm  
Language : Cantonese with English Terminologies  
Speaker : Mr. Kelvin Kuo

The highlight of the Seminar:

Seminar on 5D Building Information Modelling (5D-BIM)

This free Seminar on 5D-BIM is jointly organized by (Hong Kong) Continuous Professional Education Centre (CPE) and the BIM Tech Asia Association (BTAA).

Over the past decade, Building Information Modelling (BIM) has revolutionized how buildings are designed and constructed. However, its impact on project cost management is perhaps its most profound potential benefit yet to be fully realized. This training workshop will demonstrate how a 5D BIM approach can maximize cost certainty, control and accuracy through all stages of design and delivery. You will learn techniques for establishing a workflow to extract, schedule, track and forecast project costs directly from a cohesive 3D/4D/5D model. From early feasibility to closeout, 5D BIM delivers unprecedented visibility and collaboration around real-time project costs. Join us to explore its applications and gain skills to transform the financial aspects of your projects.
