

Season 4: openBIM – The Technical Class 16: Utilization of BIM Practice Sharing (Design for Construction)

HKABAEIMA Training Centre Training Class

At 9th December 2020 (Wednesday)

In Virtual Meeting Room

HKABAEIMA is preparing a series of training classes on different topics to help BIMers transiting from BIM to openBIM. We invite you to attend the below lesson, and please [register](#) to enjoy the learning and knowledge sharing activity.

17:45 - 18:00

Reception

18:00 – 18:03

Moderator

Mr Billy Wong

Head of BIM - Hip Hing Construction Co. Ltd.

Director - HKABAEIMA

18:03 – 18:18

Speaker

Mr Maurice Kong

Business Development Manager

Bricsys

Topic: One Workflow to Design & Build Tomorrow

Gain critical insights on the future of DWG and OpenBIM, understanding the importance of interoperability.

18:18 – 19:00

Speaker

Mr Joe Lee

Project BIM Manager

Hip Hing Construction Co., Ltd.

Topic: Utilization of BIM Practice Sharing (Design for Construction)

This session covers the practice of design BIM in an international project and a domestic project. Different BIM adoption approaches and common goals of those projects will be introduced. Moreover, the considerations of the architect in designing a geometrically complex structure will be explained. Lastly, the collaboration experience between the architect and the BIM platform will be shared.

19:00 – 19:15

Q&A

1. Registration will be ended at 3pm on the day of the training class.
2. This training class is a free event, and we welcome everyone to join our openBIM learning platform.
3. With the completion of this event, a 1-hour CPD will be provided at the cost of HK\$50 as a handling charge.
4. The class will conduct in Cantonese accompany with English terms.
